

# SCIENCE CLUB

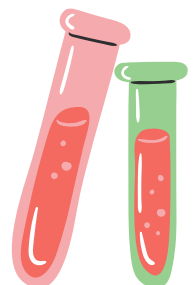

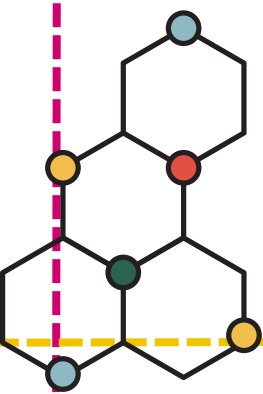

Calling all young scientists! Join our captivating Science Club, where preschoolers embark on a thrilling journey of exploration through the wonders of science. Through play-based activities, Science Club provides children with the opportunity to investigate, test theories, and discover the magic of science.

In each session, our experienced instructors create a stimulating and safe environment where children can unleash their curiosity and develop their scientific thinking skills. Through hands-on experiments, engaging demonstrations, and interactive play, children will learn about the fascinating world of scientific concepts and principles.

Using age-appropriate materials and props, children will have the chance to explore various scientific phenomena and engage in exciting experiments. They'll mix colorful potions, create bubbling reactions, observe the wonders of magnetism, explore the properties of water, and much more. Every session is filled with captivating activities designed to spark imagination and foster a love for science.

Our Science Club encourages children to become young investigators, testing hypotheses and observing the results of their experiments. We believe that science is best learned through play, allowing children to develop critical thinking, problem-solving, and observational skills.

# BOOK CLUB

Book Club provides a unique and interactive experience where children explore books and early literacy through the magic of play. We believe that books can come alive, inspiring young minds and fostering a love for reading.

In our Book Club, each session is designed to bring books alive for children, immersing them in the wonders of storytelling and imagination. We engage children in various activities and projects that align with the themes and characters of the books we explore together.

Book Club nurtures early literacy skills through play and collaboration. Children will enhance their language development, vocabulary, and comprehension as they engage in discussions, games, and creative writing prompts. They'll also build their creative and critical thinking abilities through arts and crafts activities inspired by the books we read.

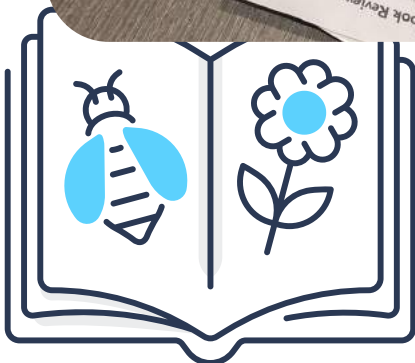

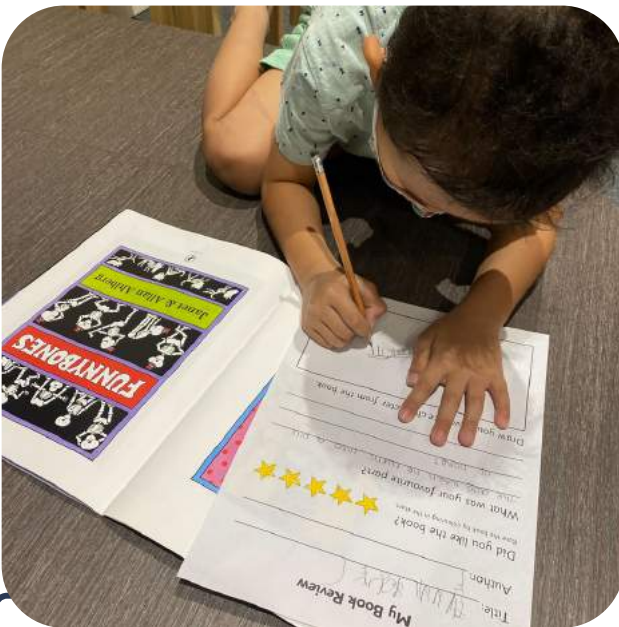

By joining our Book Club, your child will not only discover the joy of reading but also develop essential skills that will lay a strong foundation for their future academic success. Our program encourages a love for books, cultivates imagination, and fosters a lifelong curiosity for learning.

We invite you to enrol your child in our Book Club, where they can explore the world of books and early literacy through engaging play and projects. Sign up now to secure their spot and let their imagination take flight in the captivating world of stories!

# MUSIC & MOVEMENT

Join our exciting Music & Movement Club, where your child will embark on a captivating journey of exploration and self-expression through the world of music!

This unique Music & Movement club follows the principles of the renowned Reggio Emilia approach, encouraging children to discover and engage with musical experiences through various mediums.

In each session, our instructors create a stimulating environment where children can immerse themselves in the joy of music. Through hands-on activities and play, your child will develop their creativity, coordination, and social skills.

Using a wide range of instruments, props, and expressive materials, children will have the opportunity to explore different musical styles, rhythms, and sounds. They'll engage in group singing, discover various percussion instruments, experiment with movement and dance, and even create their own musical compositions.

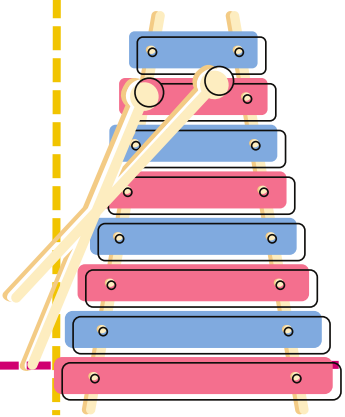

Our Music & Movement Club encourages active participation and collaboration, fostering a sense of belonging and creative expression. We believe that children are natural musicians, and we aim to ignite their curiosity and passion for music.

Enrol your child in this enriching after-school experience and watch them thrive in a dynamic, music-filled environment. Sign up now to secure their spot in our Music & Movement Club, where they can unlock their musical talents and embark on a rhythmic journey of self-discovery!

# ART CLUB

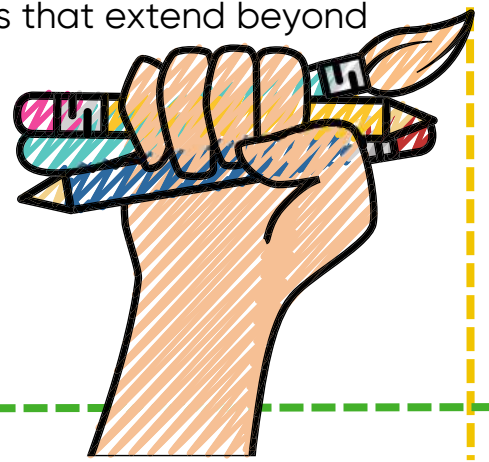

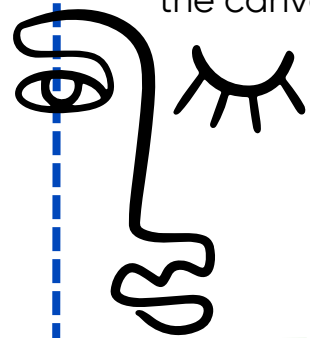

Introducing our beloved Art Club, where children embark on a vibrant and imaginative journey of creativity! Art club is designed to ignite your child's passion for art as they explore, play, and learn valuable artistic skills using a variety of mediums in an exploratory way.

In our Art Club, we believe that every child is an artist. Each session is filled with joy, self-expression, and artistic discovery. Children engage in hands-on activities where they can experiment with different art materials, techniques, and styles in a safe and nurturing environment.

Through guided play-based experiences, your child will have the opportunity to unleash their creativity, enhance their fine motor skills, and develop a strong artistic foundation. They will explore painting, drawing, sculpting, collage-making, and more, allowing their imaginations to soar

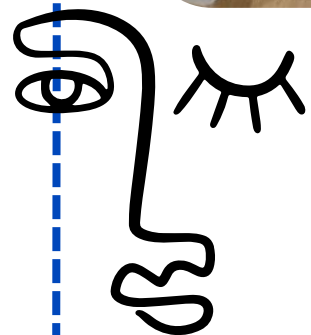

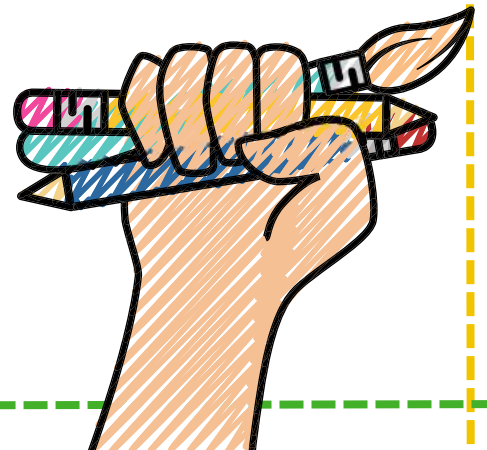

Our Atelierista will inspire children to express their unique perspectives and embrace the joy of creating. Whether it's discovering colour mixing, experimenting with textures, or learning about famous artists, your child will develop a deeper appreciation for art and cultivate their own artistic voice.

In the Art Club, we celebrate the process of art-making, encouraging children to explore and take risks, fostering their self-confidence and creative problem-solving abilities. Through this enriching experience, your child will develop a lifelong love for art and gain skills that extend beyond the canvas.

# ANIMAL EXPLORERS

## Introducing our captivating Animal Explorers Club!

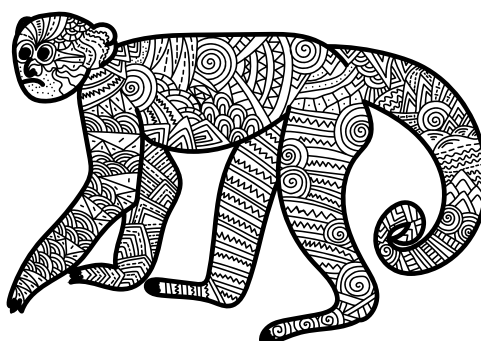

This brand new ECA provides a unique and interactive experience where children embark on exciting adventures to explore the wonders of the animal kingdom.

In our Animal Explorers Club, children become curious adventurers, diving into the fascinating world of animals and their habitats. Through hands-on activities, imaginative play, and engaging projects, your child will develop a deep appreciation for wildlife while fostering important skills.

Each session is designed to bring learning alive, as children delve into topics such as animal habitats, adaptations, and classification. They will engage in sensory exploration, discover animal tracks and traces, and even have the opportunity to meet friendly animal visitors (after seeking permission of course!).

Through this play-based and exploratory approach, your child will develop a love for animals and nature, enhance their observation skills, and foster a sense of empathy and curiosity for the natural world.

Join our Animal Explorers Club to provide your child with a thrilling adventure that nurtures their love for animals, ignites their curiosity, and instills a lifelong connection to nature.
